- *Appropriate attire must be worn. No metal spikes.
- *Repair ball marks on the greens and repair/replace divots.
- *Golfers are responsible for any damages they cause.
- *Drive Golf Carts with caution and consideration. Keep 30 ft away from Greens.
- *Avoid "wet areas" and "ground under repair" on the course. Do not play from or drive through.
- *Allow faster players to Play - through.
- *2 Minute maximum to search for lost balls.
- *Keep the course clean. Place garbage, beverage containers, cigarette butts in appropriate receptacles. No sunflower seeds on course.
- *Ball may be moved from fences or equipment by one club length but no closer to the hole.
- *A ball landing on another Green other than the hole you are playing must be moved off the green up to 2 club lengths from the apron but no closer to the hole. This helps prevent divots close to the putting surface.
